

35  
137  
139

The method of claim 99 wherein the at least one new travel date comprises a beginning travel date on which travel for the new travel reservation will begin.

138  
140

137

The method of claim 139, further comprising the step of automatically identifying an ending date on which travel for the new travel reservation will end.

139  
141

138

The method of claim 140, wherein the step of automatically identifying the ending date is based solely on the travel itinerary associated with the selected one of the frequent trip records and the beginning travel date indicated by the user.

140  
142

137

The method of claim 139, further comprising the step of automatically identifying a travel duration for the new travel reservation.

141  
143

140

The method of claim 142, wherein the travel duration comprises a number of travel days corresponding to a number of travel days of the travel itinerary associated with the selected one of the stored frequent trip records.

142  
144

140

The method of claim 142, wherein the step of automatically identifying the travel duration is based solely on the travel itinerary associated with the selected one of the stored frequent trip records.

Rule  
1.126

143  
~~145~~

The method of claim 99, wherein the transmitted aspects of the trip request comprise a travel ending date for the new travel reservation.

144

143

~~146~~

The method of claim ~~145~~, wherein the travel ending date for the new travel reservation is automatically identified based on the travel itinerary associated with the selected one of the frequent trip records and the new travel date indicated by the user.

145

~~147~~

The method of claim 99, wherein the transmitted aspects of the trip request comprise a travel duration for the new travel reservation.

146

145

~~148~~

The method of claim ~~147~~, wherein the travel duration for the new travel reservation is automatically identified based solely on the travel itinerary associated with the selected one of the frequent trip records.

147

~~149~~

The method of claim 99, wherein the step of transmitting at least certain aspects of the trip request to a computerized reservation system comprises the substeps of accessing travel data associated with the selected one of the frequent trip records stored in the database, transmitting the travel data to the computerized reservation, and receiving a confirmation of the new travel reservation based solely on the new travel date indicated by the user.

148  
~~150~~

The method of claim 99, further comprising the step of receiving a new travel date in response to the step of prompting, and the step of transmitting at least certain aspects of the trip request to a computerized reservation system automatically occurs in response solely to the step of receiving a new travel date.

149  
~~151~~

A method for creating a new travel reservation based on a set of frequent trip records comprising:

storing in a database a set of frequent trip records, each frequent trip record including a travel itinerary associated with a traveler;

displaying a menu selected from the stored set of frequent trip records;

prompting a user to select one of the frequent trip records from the displayed menu to form a new travel reservation;

prompting the user to indicate a new trip travel date for the new travel reservation regardless of whether the selected frequent trip record includes a travel date; and

transmitting information selected from the new travel reservation to a computerized reservation system so as to book a new reservation.

150  
~~152~~

149  
~~151~~

The method of claim 99, further comprising the step of prompting a user to select a frequent trip icon, and wherein the step of displaying automatically occurs in response to the selection of the frequent trip icon.

*Rule 1.124*  
*151*  
~~153~~ The method of claim ~~154~~<sup>149</sup>, wherein the step of transmitting automatically occurs in response solely to the indication of the new trip travel date.

*152*  
~~154~~ The method of claim ~~154~~<sup>149</sup>, wherein the new trip travel date comprises a beginning travel date on which travel for the new travel reservation is expected to begin.

*153*  
~~155~~ The method of claim ~~154~~<sup>152</sup>, further comprising the step of automatically identifying an ending date upon which travel for the new travel reservation will end.

*154*  
~~156~~ The method of claim ~~155~~<sup>153</sup>, wherein the step of automatically identifying the ending date is based solely on the travel itinerary associated with the selected frequent trip record and the indicated beginning travel date.

*211*  
*155*  
~~157~~ The method of claim ~~155~~<sup>153</sup>, further comprising the step of automatically identifying a travel duration for the new travel reservation.

*156*  
~~158~~ The method of claim ~~157~~<sup>155</sup>, wherein the travel duration comprises a number of travel days corresponding to a number of travel days of the travel itinerary associated with the selected frequent trip record.

*157*  
~~159~~ The method of claim ~~157~~<sup>155</sup>, wherein the step of automatically identifying the travel duration is based solely on the travel itinerary associated with the selected frequent trip record.

*Rule 1.126*  
*211*  
*158*  
~~160.~~ The method of claim ~~154~~<sup>149</sup>, further comprising the step of automatically determining whether at least one component of the new travel reservation complies with one or more predetermined policies governing travel associated with an entity.

*159*  
~~161.~~ The method of claim ~~160~~<sup>158</sup>, wherein the one or more predetermined policies indicate restrictions on travel reservations based on a profile of the particular traveler within the entity.

*160*  
~~162.~~ The method of claim ~~160~~<sup>158</sup>, wherein the component of the new travel reservation is selected from a group comprising a transportation component, a lodging component, a car rental component, a food component, and an entertainment component.

*161*  
~~163.~~ The method of claim ~~160~~<sup>158</sup>, further comprising the step of canceling a new travel reservation that does not comply with the one or more predetermined policies governing travel associated with the entity.

*162*  
~~164.~~ The method of claim ~~160~~<sup>158</sup>, further comprising the step of populating at least one field of an expense report with information obtained during the step of determining whether at least one component of the new travel reservation complies with predetermined policies governing travel associated with an entity.
